FINANCIAL UPDATES

CSF in future in 2020/21 will be discussed with Rob & teachers to plan for next year

If teacher uses up all CSF funds then can apply for grants from PTO funds

Used approx. 18% of budget this year

Rob has decided not to collect CSF this year, if teachers need something then they can make a
grade level wish list for classroom needs

ROB UPDATES

Staggering entry in the morning, seems to be working well. K-3 now dismissing at 3:05 email
went out today about traffic in area, hopefully will resolve with more time. Possibly in future
Scottsdale PD will be out giving tickets for blocking traffic on Sweetwater.

Techers still doing well with in person class and at home class participants, encouraging parents
to not move in between the options unless child is not feeling well. Uncertain at this time about
what will happen in 3rd quarter. District did confirm if over 100 cases for 2 weeks then will go
back to at home learning. Encouraging continued masks & hand sanitizer while at school.
