

Exec Board Agenda September 24th, 2020

CONSENT ITEMS

Exec Board meeting minutes from August 27th, 2020 – motion to approve by Megan Starr, Second by Michelle Kass, all in favor motion passes.

DISCUSSION ITEMS

CSF vs start up – having teachers do a wish list, possibly by grade level list to keep it more even instead of CSF.

Wonderland umbrellas – wait and see how much the garden is being used.

Back to school docs and to do – Jade will make back to school packet with Team Thunderbird/Ambassadors/Startup/PTO Calendar/Membership Toolkit/Teacher Wishlist Fundraising update- Michelle Kass no longer has a co-chair, she reached out to committee chairs to take over what Kristina was doing. What about RAT? We will need to come up with a strategy for RAT.

Plexiglass Sneeze Guards for teachers – looking for the best pricing, one for each teacher \$37x44 best price right now. Will need to be voted on by the general board, they would be donated to the school and remain school property.

Face Shields for teachers –Wait on them and see what the district says if they will be approved. See if we can get more guidance

Speaker/Mics for teachers - District is looking into Blue Tooth headsets. We will wait and see if the district purchases.

FINANCIAL UPDATES

Will send an email to teachers about startup funds and teachers/grades that have CSF leftover.

Teacher appreciation gifts, since we are not doing CSF, it will need to come out of PTO funds.

ROB UPDATES

Cases per 100 didn't change much

% positivity went up a little

Approximately 30% of families want to stay online...more older kids and less younger kids

If you want to buy a desk shield for your child like we are purchasing for the teachers, you can.
